Public-Safety agencies across the United States have been trying to procure additional radios frequencies for use by their agencies. Many of the present frequencies available to public-safety agencies are saturated. The Federal Communications Commission (FCC) is attempting to help with this problem.

The FCC has allocated an additional range of frequencies (800 MHz) for use by "Public-Safety" agencies across the nation. However, in order for any of the frequencies to be licensed or used, there must be a statewide plan developed and approved by the FCC. This plan must include the method for evaluating requests and the awarding of the frequencies.

This plan must be developed by a cross-section of the future users of these frequencies. Therefore, an organizational meeting of all potential users of these frequencies has been scheduled for 9:30 AM, EST, June 1, 1989, at the Capital Plaza Hotel, 405 Wilkinson Boulevard, Frankfort, Kentucky.

This meeting and ultimately the final plan could be extremely important to your agency since all future approvals for frequencies will be determined by the policies formulated by this group.

Additional frequencies are badly needed by several public safety agencies in Kentucky today. In light of this, the development of the statewide plan for allocation of these additional frequencies will be expedited as much as prudently possible.

Attached is a copy of the agenda for the June 1 meeting and a response form that will inform us of the number of your personnel who will be attending this meeting. Please return this form to us no later than May 22, 1989, so that sufficient meeting space can be arranged.

I shall look forward to seeing you on June 1.

Jack Y. Sharp, Convener

**Public Notice**

**PUBLIC NOTICE**

The Public Safety Organization Administration, having been duly certified to the Federal Communications Commission (FCC) by the Associated Public Safety Communications Officers (APCO) as the convener of an initial meeting of representatives of parties eligible to file petitions in the FCC proceeding, hereby gives Public Notice that such committee is completing such plan and will submit the plan to the FCC. The final planning meeting will be held on January 22, 1993 at the State Police, Kentucky, Frankfort, KY, beginning at 9:00 A.M. This plan is filed in FCC Report & Order in General Docket 87-112, adopted by the FCC on November 24, 1987. The Report & Order was primarily developed from information from the Final Report of the National Public Safety Planning Advisory Committee (NPSPAC) which was submitted to the FCC on September 9, 1987. Copies of Docket 87-112 and NPSPAC can be obtained from the FCC, 445 Constitution Avenue, N.W., Washington, D.C. 20001, Phone (202) 357-3800.

For more information, Jack Y. State, 17 Commonwealth, Kentucky State Police, 1240 Airport Road, Frankfort, KY 40601, Tel: 502-227-8750.

1/22/93

January 21, 1993

TO WHOM IT MAY CONCERN:

Region 33, Ohio Chairman called the Region 17, Kentucky Chairman at 1507 hours on January 21, 1993 conditionally approving the Kentucky 800 Mhz plan for submission to the FCC. Due to the limited availability of spectrum, bordering state counties will be coordinated with adjacent states.

Don Flahan, Region 33 Chairman

# National Public Safety Planning Advisory Committee

## *NPSPAC REGION 24 MISSOURI*

January 22, 1993

Mr. Jack Y. Sharp  
Kentucky State Police  
1240 Airport Road  
Frankfort, Kentucky 40601

Fax: 502-227-8788

Dear Mr. Sharp:

I have reviewed your Final Draft for NPSPAC Region 17.

There is little conflict between the packing for your Region and the packing for our region. Considering the potential that our region might require some changes in the packing I want to assure you that I concur with your plan and that there will be very close pre-allocation coordination with your region.

Thank you.

John R. Gerke  
Chairman for Region 24

Frankfort, Kentucky 40601

Dear Mr. Sharp:

Final Draft copy of Region 17 Plan has been forwarded to the Region 42 chairman.

I was chairman of the Region 42 Planning Committee, which ceased to exist upon FCC acceptance of the Region 42 Plan in December, 1991. Correspondence with the Region 42 Committee should be sent to the chairman per the following address:

Captain Braxton G. Bell, Chairman  
Region 42 Committee  
12711 Old Chestnut Circle  
Midlothian, Virginia 23112

Yours truly,

A handwritten signature in cursive script that reads 'Harry J. Miller'.

Mr. Jack Y. Sharp  
 800 MHz Regional Planning Committee  
 Region 17  
 C/O Kentucky State Police  
 1240 Airport Road  
 Frankfort, Kentucky 40601

Dear Mr. Sharp:

The short time span that was allowed Region 13 to respond to the Region 17 Plan was not adequate. However, we know that you are under a deadline, so we will do the best we can to respond. We do have some suggestions regarding the layout of the plan. The following would be helpful when others are looking at your plan: 1) number the pages of the plan; 2) include a map that shows the boundaries of the counties and the State Police Regions; and 3) include an alphabetical listing of the counties indicating the frequencies allocated to each county.

Upon reviewing your plan it became apparent that many of your frequency assignments will pose interference problems to the Region 13 area. We cannot concur with these conflicts and due to the fact that our plan is already approved and on file with the FCC, we suggest that you request another frequency sort. If this is not possible we will concur with your plan if the following changes are made. Delete the following channel(s) from the allocation to the following counties:

<u>County</u>	<u>Channel(s)</u>
Christian	608, 763, 799, 820

In addition to the channels listed above, we have concerns with the assignments listed below. We would agree to these assignments provided a provision is added to your plan stating that these channels would not be used in the listed county without the written concurrence of Region 13.

<u>County</u>	<u>Channel(s)</u>
Butler	814
Caldwell	661
Callaway	641, 796
Carlisle	643, 681
Christian	610
Davies	797, 818
Fulton	774
Hancock	679
Henderson	622, 719
Muhlenburg	643, 681
Ohio	645
Webster	686
Region 1	623
Region 3	794
Region 16	607

Except for the items described above, Region 13 has no objection to the Region 17 Plan. The Region 13 RCRC is more than willing to work with Region 17 to resolve mutual problems/concerns.

If I can be of further assistance, please contact me at 217/782-7345.

Sincerely,

George Sneyd  
Chairman  
Illinois FCC Region 13
